

COVID-19 UPDATE

Hillside, IL — March 20, 2020 — At this time the Governor of Illinois, J.B. Pritzker, has issued a shelter in place order in response to the COVID-19 outbreak to take effect at the end of business Saturday, March 21, 2020 and continue through Tuesday, April 7, 2020. At that time the situation will be reevaluated as to whether that order will be lifted.

During this time L&J Technologies must pause its manufacturing operations in accordance with that order. All order processing, production and shipments will be suspended and experience timeframe delays.

All of us at L&J Technologies express our concern and support for everyone experiencing direct effects of the current global health crisis. We encourage our employees and customers to stay safe and healthy by taking the guidance of health experts very seriously. Remain vigilant with the CDC's recommendations of frequent hand washing and continued social distancing during this difficult time.

We wish your families good health throughout the coming days as we all weather through these very trying times together. Be Safe.

Michael Landato,
Director of Sales and Marketing
